

立法院代表團 離英赴美 Legislative Yuan Delegation Believe Britain Will Win Economic Battle

London, Dec. (LP)—Members of the Legislative Yuan delegation who have now completed their study of European democracies are leaving Southampton for New York by sea today. It is probable that they will have to cross America to Vancouver and take ship from there for China. They expect to arrive home at about the beginning of February. Asked before their departure as to whether their visit to Europe had been successful they replied that they had found the investigation most profitable.

亞洲遠東經濟委會 在碧瑤舉行會議 T. F. Tsang on E.C.A.F.E.

Nanking, Dec. 11. (Reuters)—It was difficult to predict the future of the United Nations Economic Commission for Asia and the Far East: it might prove to be a great contribution or it might turn out to be merely time wasted and labour lost—thus declared Dr. T. F. Tsang, chief Chinese delegate to the Secretary General and to the recent E.C.A.F.E. meeting at Baguio, as quoted by Central News. He said that to realise the first objective the supreme effort of all countries concerned is required and especially the problem of economic sources must be settled as the prerequisite. The E.C.A.F.E. is faced with intricate problems of food, transportation and fuel.

印度藝術在倫敦展覽 Indian Art Exhibition Opens in London

London, Dec. (LP)—The ambassadors of China and Nepal, the High Commissioners of Pakistan and India, dignitaries from several countries, British members of Parliament, Lord Pethwick-Lawrence, Lord Lincolne and many others gathered in the Royal Academy last night to view the exhibition of art from India and Pakistan which has been described as one of the greatest collections of art treasures from the East ever assembled for a single show in Europe since the exhibition of Chinese art in 1935. It covers an immense range. Displayed at the Royal Academy are examples of the best of Indian and Pakistan art from the fourth century until the thirteenth century—the most fertile period in India, and a phase during which developments were made of which traces can be found throughout Asia.
